Gold Book Term

This week we presented our Gold Book to

Meadow: Davis Youngson

Woodland: Zayla-Rose Horsepole

Ocean: Jake Jones

Mountains: Isabelle Roberts

Well done!

Kingham Sculpture trail

As a school, we were recently invited to create a shared piece of art work to be shown at this year's Kingham Sculpture trail.

Under the organisation of Mrs Tomlinson, each class produced a mosaic board to represent one of our school values and this week the four boards will go on display at Kingham ready for public viewing.

As a special treat, some children were selected to preview the exhibition and went by minibus to look around the whole exhibition – and of course to see and admire our own work.

The Kingham Sculpture Exhibition is open to the public from the 1st – 9th May from 10am-5pm daily. Entry is free but tickets must be pre-booked using the website.

Please do visit with your families if possible – and look out for the Rollright works of art!

If you are unable to visit in person, there is more information and photographs of the event on the school website.

Chance to Shine Cricket

Your children may have mentioned that this term we are very lucky to be receiving weekly cricket coaching from a qualified coach. This coaching is provided free of charge to the school and sessions run for every child for six weeks. The course is run by Oxfordshire Cricket and 'Chance to Shine' - a national charity promoting coaching free coaching to help children learn resilience, teamwork and respect. The children are enjoying the sessions and there will soon be photographs on the school website to celebrate their engagement with the sport.

Morning Snack

The school has a limited amount of fruit available for children each day. However, if you would like to send a snack into school for your child then please do so **but** remember that this should only be a piece of fruit – not anything else – even if it is healthy!

Sunny Days Ahead

As we look forward to summer, please ensure that your child has a named water bottle in school every day. It is also important that they have a sun hat and named sun cream which can be kept by the teacher and then applied by the child on hot, sunny days.

Maths for Parents on the school website

We have recently updated the mathematical resources available for parents on our school website. It is now possible to view our Calculation Policy (Addition, Subtraction, Multiplication and Division) as well as a range of knowledge organisers designed to hold key information for each year group. These new resources can be found at the bottom of the Mathematics page under the Curriculum section of the website. We hope you find these useful.

Register for All Stars Cricket today!

Your local cricket programme for 5-8 year-olds.

allstarscricket.co.uk

8 weeks of cricket designed to be fun and inclusive

FREE kit bag with backpack, bat, ball and personalised t-shirt delivered straight to the front door
