## Weekly Newsletter

Friday, October 8th 2021

### **Gold Book Term**

Last week we presented our Gold Book to

**Meadow: Leo**

**Woodland: Izzy**

**Ocean: Eliza**

**Mountains: Freddy**

**Well done!**

### **Harvest Appeal**

Many thanks to those of you who have sent in contributions for our Harvest collection. This year we are supporting an amazing local lady called Polly who cooks meals from the donations she receives and then delivers them to people in need around the local area. Polly has been providing hot meals to those in need for over thirty years and we are delighted that we can help with this amazing work in a small way. The most useful items to donate are dried foods such as pasta and rice and tinned vegetables such as tomatoes etc.

Our aim is to present our collection after the Harvest assembly so please could you send in all donations by Friday 15<sup>th</sup> October.

Many thanks for your support.

### **School trips**

In the last couple of weeks, not only have The Mountains Class been to Dorset for a week, the other classes have also been out and about enjoying special curriculum linked visits.

Last Wednesday, The Meadow and Woodland classes went to the Woodstock Museum to find out all about dinosaurs and The Ocean spent the day at Cross Hands Quarry learning about, and looking for, fossils. These trips play a special part in enriching the work completed in class and were greatly enjoyed by everyone.

### **Covid Cases**

Please can you continue to be vigilant around the possibility of Covid. If your child is unwell with any of the main symptoms of Covid, they should be taken for a PCR test as soon as possible and then kept at home until a negative result is returned. Many of our local schools have rising Covid cases and, in order to prevent an outbreak, we all need to react quickly to the possibility of a case within our community.

### **We need You !**

Can you spare an hour on Saturday 16th October between 12 and 5pm?

We are in need of volunteers to successfully run our fundraising event at Chastleton House. If you can wash up, make tea and coffee or serve cake please let us know.

It's our last afternoon this year so please volunteer we would like at least 1 person each hour to join a few members of the committee who will be there all afternoon.

We have enough cakes; thank you to those who will bake. If goods can be brought to school on Friday 15th October.

## **Thank You**

Many thanks to Martene Midwood who kindly took our unwanted books off to find new homes at the charity shop!

## **Welcome meeting and AGM next Friday 15th at 3.15pm school hall**

Who we are and what we do?

Please do make time and come along to the meeting, an invite should have been taken home via your child. The friends play a vital part in the school community and all those associated with the school can come along. This is your chance to hear how the funds you have helped to raise are used for the benefits of our children in school. There will also be refreshments and a chance to meet other parents/carers.

## **Picture News**

This week the article for discussion is around the future of public transport.

## **100 CLUB**

Congratulations to our October winners.
